

bettersonflowers

one-day agronomic workshops for growers and advisers

EMERALD - WEDNESDAY NOVEMBER 10 - 8.00AM – 5.00PM

Australian Agricultural College Corporation Conference Room, Capricorn Highway

The day includes a mix of theory, demonstrations and hands-on activities. Participants attending the workshop take home *The Big Yellow Sunflower Pack*, a comprehensive folder containing the latest knowledge and research on sunflower production in Australia. The course is tailored to Central Queensland conditions.

The workshop consists of 8 modules written and delivered by acknowledged industry experts:

- **Plant Growth and development** - *Stephanie Belfield*, Private agronomist, HMAg Pty Ltd, Moree, NSW
- **Agronomy, including Irrigation Management** - *Loretta Serafin*, District Agronomist, Tamworth & Acting Technical Specialist, Northern Farming Systems, Industry & Investment NSW, Primary Industries
- **Weed Management** - *Vikki Osten*, Principal Research Scientist (Weeds), Plant Science, Agri-Science Qld, DEEDI, Emerald
- **Disease Management** - *Sue Thompson*, Senior Technical Officer, Plant Pathology, Plant Science, Agri-Science Queensland, DEEDI, Toowoomba
- **Insect Management** - *Kate Charleston*, Development Extension Officer (Entomology), Agri-Science Queensland, DEEDI, Toowoomba
- **Harvesting** - *Kevin Charlesworth*, Grower, "Mirradong", Clifton
- **Safe Storage** - *Philip Burrill*, Development Agronomist, Hermitage Research Station, Agri-Science Queensland, DEEDI, Warwick
- **Marketing** - *Nick Goddard*, Executive Officer, Australian Oilseeds Federation, Sydney
- **Sunflower in the Rotation** - Interactive Session

The Better Sunflower agronomic workshops are nationally accredited training endorsed by the Australian Sunflower Association.
