

2016 Canola Pathology Workshop
National Meeting on Diseases of Canola
University of Melbourne, Parkville
Wednesday, 2 March 2016

Welcome and Introduction (Alex Idnurm)

Session I: Diseases of canola (Chair: Wayne Burton)

01 Andrew Ware (SARDI)	Biosecurity disease in 2015
02 Rajni Khanna (DAFWA)	Three years of survey data of diseases other than blackleg
03 Brenda Coult (DAFWA)	2015 virus resistance screening
04 Martin Barrett (UNWA)	Fungal disease survey in 2015
05 Martin Barrett (UNWA)	White leaf spot
06 Kurt Lindbeck (NSW DPI)	Incidence, severity and yield loss due to Sclerotinia

Issues that require
consistent industry response

Canola Pathology Workshop - Wed 1st March 2017
Room G26, School of Botany (North Extension 6 Building 123)
Tin Alley, The University of Melbourne, Parkville (access via Building 122)

8:30	Welcome and introduction of participants: Alex Idnurm	
Session I: Diseases of canola, Chair: Dawn McAffrey		
8:35	Andrew Ware (SARDI)	Bio security disease in 2016
8:50	Andrew Lee (NSW DPI)	Sclerotinia in 2016
9:05	Martin Barrett (DAFWA)	Important but underestimated fungal and viral threats to the Australian canola industry
9:25	Discussion	
9:45	MORNING TEA	
Session II: Break research into canola diseases, Chair: David Price		
10:15	Alex Idnurm (The Math)	Using QPSP to identify Avy genes in F. oxysporum
10:30	Hans Raman (NSW DPI)	Review of NBGP trials
10:45	Jasak Butler (UNWA)	Blackleg3 alleles in Australian cultivars
11:00	Lidia Romero (NSW DPI)	Genetic divergence of R genes
11:15	Ann Dwyer (DAFWA)	Model update
11:35	Discussion	
12:00	LUNCH	
Session III: Breeding issues, Chair: Wayne Burton		
1:00	John Kirkwood (CSIRO)	Update and outcomes from the Canola optimization project
1:20	Ray Cowley (Pharos)	Spore release patterns in changing farming systems
1:35	Steve Scragg (CSIRO)	Empire canopy infection
1:50	Steve Marcott (MGP)	Fungicide efficacy in 2016
2:05	Angela Van de Wouw (Uwa Math)	Fungicide tolerance update
2:15	Discussion	
2:45	AFTERNOON TEA	
Session IV: Sclerotinia, Chair: Len Kettlewell		
3:15	Lene Buchwald (AFC)	Sclerotinia research in Canada
3:50	Kurt Lindbeck (NSW DPI)	Epidemiology and management of Sclerotinia stem rot
4:10	Ravi Khanna (DAFWA)	Fungal & viral, row spacing and plant density in managing Sclerotinia
4:30	Mark Durbach (CSIRO)	CCRM Sclerotinia Stem Rot of Canola research
4:50	Discussion	
5:20	Barb Howden	General Discussion and Wrap up
5:30	DINNER AND DRINKS IN THE SYSTEMS GARDENS (OUTSIDE THE MEETING VENUE)
